

PREPARE FOR BIG CROWD AT 'GIFT' PARTY

Arrange to Distribute Tickets for Presentation at June Bride Contest.

(Continued from Page One.)
The party and more are to be announced before the gift list closes next Wednesday at midnight, and the contest is officially opened. Promoters of this year's contest predict that it will be greater than either of the two previous events, this in the face of the fact that last year's event was such a tremendous success that it was freely predicted that it could never be duplicated.

Friday's list of donations includes a valuable all wool Kenwood blanket for one of the early brides, the donor of the gift being George Wyman & Co.
Has Them Guessing.
Ivar Hennings, general manager of the South Bend Rail Co., also announced Friday a present from his firm, which he promises will be most appropriate as a gift to one of the early grooms. Mr. Hennings would not reveal the nature of the gift from his company other than to state, "It may be used with or without books, which cover the winner prefer."

Takes Lead in Race Again

Miss Josephine Decker, who leaped into first place in the Good Will Election on Friday by casting 1,000 votes.

or under process of reconstruction. What proportion of these industries can pay the income revenue tax? In agriculture we have the same story.

"It is a great advertising stunt," said Mr. Lynch "and should appeal to any business man. It's also a great thing for the lucky folks, who get in on the contest. Winning these wonderful presents will give them a wonderful start in life, one that they cannot help but appreciate greatly."

ZOERCHER HEARS ARGUMENTS HERE ON ROAD MATTER

Public Service Commission Member Hears Greene Township Farmers.

Twenty-five taxpayers of Greene township, divided apparently half and half, appeared before Philip Zoercher, member of the Public Service commission, to urge and protest against the proposed construction of the Keweenaw road in township and a bond issue of \$25,000 for the cost of construction.

Approval of the state tax board is necessary for the bond issue, and the remonstrance against the proposed issue brought the matter directly to the commission. There were no objections filed to the road during the formal procedure before the county commissioners.

Examine Verdict.
Earl B. Herick, residing on the Joe Trail, one of the 15 remonstrators was the first witness examined by Sam Pettengill, who represented the objectors to the road. Miller Guy appeared for the petitioners.

Mr. Herick who was employed as a road maintenance superintendent when that department was under the management of Edward Zettler testified that with a little work and the expenditure of approximately \$1,000 the road could be made traversable, thus saving \$25,000 cost for the township.

The hearing did not get under way until late in the morning and many witnesses were to be examined by both the petitioners and remonstrators.

Petitioners Plea.
The chief contention of the petitioners is that nine-tenths of those remonstrating against the road do not live on the proposed improvement, but instead have gravel highways which furnish an outlet to the market highways leading into South Bend and North Liberty. Other grounds for the road is that it is an important road, connecting with the Liberty and Dixie highways, furnishing an indirect market road to Lakesville, North Liberty, Walkerton and South Bend.

School on Highway.
The objections to the road as voiced by Mr. Pettengill are that the cost of the project is excessive and involve a heavier bond issue than the township should now bear, that the road is not a utility and of but little benefit, that there are natural market highways running north and south from the township into South Bend which should have given consideration.

A point outlined by Mr. Guy for those who favor the road included the fact that the Logtown school is situated on the highway, that two rural mail routes are located on the highway and there is a cemetery at

DENIES SAYING HE HAD NO PART IN PARDON CASE

Attorney General Says Sen. Watson Must Have Misunderstood Him.

(Continued from page one.)
ersham, who based his recommendation upon the reports of eminent physicians of the government, including the surgeon general of the army, and the records in the department show all the facts pertaining to the physical condition of Morse when he was released, which was the solid ground for executive clemency.

Received \$4,000.
"As for compensation, I never received anything from Mr. Morse personally. All I ever received from anybody in connection with the Morse case, both civil and criminal, was about \$4,000 advanced to me by

Mr. Felder and was about half enough to pay my necessary expenses and disbursements connected with over a year's active investigation, preparation and service in the cases."

Sen. Watson, democrat, Georgia, stated that the letter evaded the issue of whether he was paid by Morse or not, pointing out that the attorney general had stated that he was not directly paid by Morse.

He characterized the letter as "a specious equivocation," and "a statement that does not carry conviction." He directed attention to two republican congressmen in the house who had "repeatedly attacked the attorney general," and demanded that he prosecute in certain cases.

"The attorney general says there was nothing wrong in his conduct in the Morse case," continued the senator. "I say his offense consists in practicing a fraud upon the pardoning power."

He insisted that a federal officer should be sent at once to take Morse into custody and conduct him back to the penitentiary to serve out the remainder of his sentence.

Supt. Borden Arranges for Concert at High School

A concert, in which all orchestras of the schools of the city will take part, has been arranged by School Supt. W. W. Borden for Wednesday evening, May 31, to be held at the High school auditorium at 8 o'clock. The Orchestra Ensemble will be a new feature of local school entertainments. Only in the past three years has there been any effort made at securing participation of students in grade school orchestras. At Wednesday evening's classic, a majority of the local public schools, in addition to the High school, will be represented. Programs were struck off the press late Friday.
